ScHoolboy Q - The Purge

Ugh, Tyler The Creator. -\_-

EDIT: Works though. Q is dope on this, which makes it tolerable. Couldn't stand this song the first time I heard it.

Even though I may not have listened to as many albums as I intended to today (Though I've listened to quite a lot, to be honest), I've rated a LOT today by going "Meh" and rating them what felt the most right.

Schoolboy Q - Blind Threats

Why the hell did I hate the songs on the 2nd half of this album the first time I heard it?

Pretty sure the common opinion in that the 2nd half is weaker.

Dub Trio-Scoop and Smash Em

Dub Trio slowly got better and better each album. This is their worst to me. Doesn't mean it's that bad, though. It's their most actual "dub" album, instead of rock/metal mixed with dub like their later stuff.
