Imperial States of Duotona
When good beats evil, the sky's the limit.

A nation peacefully residing within Oceania with a bloody past. Managing to overcome the odds to prevent colonisation, Duotona has had to endure many trials caused by internal pressure. Still in a recovery process from the last dictatorship that it had to endure, the nation has risen from the ashes to become an unexpected nation of interest. **No longer will Duotona face misery.**

10/10. Insects were created with nothing but malice and pure evil in mind (this is not up for debate)

factbooks and etc are soon to come.

tldr: thousands of years following civilizational collapse, the east coast of the United States has been reunified by a state resembling the HRE. Kyntukinawa is an elector state within said empire. currently at an early 1900s level of technology
