Daily reminder that literally everyone aside from America uses 'zed', so unless you have a bottomless bucket of feet...

I mean I'm pretty sure every single language outside of American English pronounces it 'zed' (or at least uses a pronunciation based upon the Greek 'zeta').

At least we can agree that either zee or zed is better than fuckin izzard.

Fourth option: 'zz' (as in 'buzz').

Fifth option "zeh", kinda like how I pronounce the cyrillic letter з

While I love any (high-quality) FFT empire, I'd say you should make it just a early FFT space power that has colonised a few planets already, instead of a ridiculously-large empire like mine.

Being a large FFT empire, I'm inclined to agree, but delving deep into how American culture would change due to being an interplanetary society would be a cool one.

Or you could just do an *Expanse* and get an advanced alien portal past Neptune

Pretty sure talking to a brick wall would be more productive than going on NSG

To be absolutely fair, I think the GameStop Vs Wall Street Bets was the only thread where the 99% of NSG united together.

So that's one crowning moment of awesome, as far as I am concerned. The rest.... Eh.

Tbh I just fuck around in the votes and that's about it.

Honestly NSG is rather pointless but it's the only place where you can have people sperg out on useless topics instead of flooding F7 with junk

nsg is something that's fun to prod once in a while but that you should never get too involved with

THE PEOPLE * ETERNAL

" We will not bow to your dictation. We are free. We bled to be free. Who are you to tell us what we may and may not do? **We stopped being your slaves an era ago.** "

South Reinkalistan is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move.

As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.

people getting mad over nsg existing (not saying it's happening right now but it is a somewhat common trend in this thread) is funny

like this is a political simulator, of course there's going to be a board for OOC political shit

Still pretty fun to take the piss out of it, considering that lots of conversations there tend to end up becoming malignant lumps of cancer that hurts to look at.

Anything involving a current political issue tends to spin out of control very quickly, in my experience
