Monkey 1126 was in a silly mood and tried to commit arson. They lit themself on fire on accident instead and died

edit: how did we mess up the count so badly rip

monkey 1119 was so confused about why everyone's mentioning monkey 100 that he unknowingly fell into a dumpster that was pushed into a street by his weight. Then, a car hit it and they fell off a cliff and died in a fiery explosion

Monkey 1112 went hunting for bigfoot, but unfortunately when he came across
bigfoot for himself, 1112 didn't wear a helmet, and got his head crushed by a
rock bigfoot picked up.

I'd say this nation is about 85-90% representative to my beliefs

About the only difference between my nation and beliefs is that free markets are effective in a select few situations, and the compulsory organ harvesting is kind of screwed up

I'm probably in the minority, but I actually pay more attention to in game stats than to roleplay
