Yeah, Psycho is great. I love that R\* added one of his songs to the game.

Tommy Lee Sparta – Know Bout

8.1/10 for this album...or EP. RYM has it listed as an album, but it seems a bit short to be an album (30 minutes).

I know a 22 minute long album. Short albums aren't unheard of.

The band with a 22 minute long album has like a 9 minute long EP

Than you got bands with like 60 minute long "EP's"

Deftones-Gauze

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
