Maybe.

Current date: 3rd of July 2981.

News: Bulgarians became the second biggest ethnic group in the People's Commonwealth of The Five Nations and overtook the Koreans.

True policies of my state. I don't use NS Policies.

Mein Gott! Nein!

Partially inspired by the Third Odyssey mod for EU4, this nation is essentially a Byzantine successor state in South America that has fused together Ancient Greek Religion with Greek Orthodox Christianity. It mixes the aesthetic of Byzantium and Ancient Greece, with very open and liberal social values but with an Imperial Monarchy. NS stats are referenced but are not strictly followed to a T.

Never. It's ruled by a deluded feline, an equally deluded government, and its lack of civilised social policies only shows its barbarism.

It wouldn't be too bad.

Welcome to Soviet Tankistan!

In Soviet Tankistan, everyone is considered a worker if they contribute. Fascists and terrorists are not welcome.
