Theocratic monarchy, for sure.

Please don't use NationStates stats to evaluate my nation! They're a bunch of malarkey anyway.

Technocratic absolutely direct democracy where all citizens vote simultaneously to any issue raised via chips implanted in their brain and connected to central network.

One of those semi-autocratic democracies- a hybrid regime

This nation is based on (a slightly more extreme version of) my IRL opinions, and I answer issues accordingly.

Islamic Caliphate

Partially inspired by the Third Odyssey mod for EU4, this nation is essentially a Byzantine successor state in South America that has fused together Ancient Greek Religion with Greek Orthodox Christianity. It mixes the aesthetic of Byzantium and Ancient Greece, with very open and liberal social values but with an Imperial Monarchy. NS stats are referenced but are not strictly followed to a T.
