interesting...

What's the deal with rainbows? I mean sure, they are pretty, but why do people think they're gay? So there's a rainstorm, then it stops and the sun comes out. When people look at the new rainbow, do people think, "Oh, it's pretty!", or do they think, "That's gay"? What is up with that?

They are gamers I mean gamers who play 5+ hours every day and listen to Hatsune Miku everyday, and really like Japanese games like Phantasy Star, Neptunia or Persona 5. They are also sus people who likely rant over the "ethics in video game journalism" or sumthing like that.

It's cold outside and rather breezy, and Sylvia and Julienne are regretting not bringing their winter coats.

They have this mediocre beaches full of pebbles and rocks with no white sand on them, and which gets very few visitors. It is nice to have a tranquil walk there on the night though. There's no swimmers probably because of covid idk

The girl in the picture was going for a walk in the woods; however, as it was a cold fall day, her mum made her wear earmuffs. Or cat-ear-cover-things. Unfortunately for her, she forgot to pack her gloves in addition to the muffs, and she'd gotten all the way outside the city gates before realizing as much. Now she's got to walk all the way back home to get them.

The picture is either a communist revolution or a celebration of a communist victory in a war
