They're a small nation with no land borders, a strong army of over 7 million, and they have a total of 4 official languages.

"A nation without a strong leader is prone to annexation."-Kaiser Kronenzoren
We don't use NS-stats, they wouldn't make sense with our nation. Also, please do not mistake us for Nazis, in our history, we had a civil war between the Kaiser and Hitler which lead to Adolf's public execution in Vienna.

they're an imperialist monarchy that takes place in the 1950's which I thought was interesting as most imperial empires in history took place before the 1800's

The Advanced National Party, a domestic Far-Right party and terrorist organization is, quite understandably, banned in Logikie.

Ooh, cool religion! The Norden Faith looks to be a reformed pagan religion, comprising two diametrically opposed pantheons - the Orderly and the Chaotic. I'm not sure which the listed gods in the Overview fall under though (some like Otan, war, are more obvious, but some like Mora of knowledge are less clear to me). It also seems that they conduct public sacrifices.

Religion is widely frowned upon in Icarian society - though there is a growing movement for its acceptance as a tool of moral support, the majority of the populace still treats the zealous and devoted with private disdain.

There wasn't even a war in the first place the Orcs just came to Sundoria and enslaved the ancient tribes of Sundoria. After the dust storm the Orcs left Sundoria not returning again /skip

The typical characteristics of their architecture include pointed arches, ribbed vaults and flying buttresses.

This so-called "Imperial Gothic" style represents the underlying design ethic of the great cathedrals, abbeys and churches found around the empire representing the struggles and triumphs of Octavian civilization and is also the preferred style of the Sanctum Imperialis, palaces, town halls, guild halls, universities and to a less prominent extent even private dwellings, such as dormitories and personal quarters.

It's a bit more complicated than that. The Archbishopric of Sol *considers itself the only religious center in Ignus*, because it views all other religions as either heresies (like the Trajan Faith; High Sept of Bukaria) or pagan primitive beliefs (The Fylkirate and the Followers of Magnus). The Fylkirate *tries* to be the religious center for the Norden Faith, because most of the Norden People *don't* adhere to their specific version of the faith. /skip
