[Never ending Nujabes](#)

A Playlist of Music made by a very talented young man who died a few years back in a car accident, it's been likened to a mix of Hip Hop and Jazz though there are no vocals or rapping in a majority of his music and those they do have them he isn't the one on vocals.

One of his contributions in wider media was his work on the soundtrack Shinichirō Watanabe's Samurai Champloo, which is how I was introduced to his music.
