I respect any nation with high scores in all 3 stats (political, economic, social) that isn't a corrupt hellscape. I would totally live in your nation

I'd say this nation is about 85-90% representative to my beliefs

About the only difference between my nation and beliefs is that free markets are effective in a select few situations, and the compulsory organ harvesting is kind of screwed up

I'm probably in the minority, but I actually pay more attention to in game stats than to roleplay
