The Autonomous Province of Pwndu's economy is made up of the shoe industry...which is purposely deficient so that consumers keep looking for something better, thus expanding the market

That's the evilest thing I can imagine.

That was only the idea of the Autonomous Province of Pwndu, which is no longer part of Estantia. Feel free to edit your post.

The Oversees dominions of Vatterland seem to have roughly around 25 million people in population which suggests a really small colonial empire, compared to the staggering 80 million in Gallia and 469.4 millions in Albion.
