RIP Little Brother (2001 - 2019) - (Death by Suicide)

This account was originally made by my little brother, and in his memory, I'm assuming his mantle. For those of you who once knew him, tell me everything you know of him when he last alive. I may not be like him, but I surely don't want his work to die.

Hi, it's been a while. If you're seeing this then it means what I'm working on is not quite done yet. You can still read my old stuff but it's probably not canon anymore. I'll try to get something up soon. It may or may not involve wizards.

We do not use NS-Stats, they wouldn't make sense with the lore we're based on.
Fortunately, we are not completely overpowered like many other sci-fi nations.

Corporatocracy.

Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.
