Bundists, Autonomists or Labor Zionists.

An alt-history Morocco that recognized the independence of Western Sahara and gave up going to war with them, and also only has a monarch as a figurehead and nothing more.

You haven't explained the ideologies of the parties in legislature very well, only the governing party.

I'd choose the Liberal Party since I support more liberal policies such as pro-LGBT+ and pro-choice policies, but this is just a guess since I don't actually know what policies the Liberal Party supports.

“

If men were angels, no government would be necessary. If angels were to govern men, neither external nor internal controls on government would be necessary. In framing a government which is to be administered by men over men, the great difficulty lies in this: you must first enable the government to control the governed; and the next place, oblige it to control itself.

Considering that the major parties are all ethically dubious if not outright evil, and there's no info on neither the Communists nor the Liberals, I'll vote for the extraparlimentary Czechoslovakian Democratic Party. Seems like the only real choice.
