Not a chance.

Before accusing me of being a racist, please read my factbooks, thank you.

The Confederacy of Mar-Sara, based off the planet and Confederacy from the popular strategy game "StarCraft", before you start asking, no we do not own slaves, our flag has a different design and meaning compared to the other one. We don't use NS-stats, they wouldn't work with our nation.

Sure, seems like an interesting place to live.

Partially inspired by the Third Odyssey mod for EU4, this nation is essentially a Byzantine successor state in South America that has fused together Ancient Greek Religion with Greek Orthodox Christianity. It mixes the aesthetic of Byzantium and Ancient Greece, with very open and liberal social values but with an Imperial Monarchy. NS stats are referenced but are not strictly followed to a T.
