Finally. I got summoned.
Osnauria?

Hello there. I'm **Simonia**, your average leporine TG-loving F7er. Our nation has twenty-one provinces, four regions, and four capitals. And before you ask, **Pink Castle City** is called that for its pink castle, **Pink Castle City's main building**.

Nope.

Hm. Quasi-Stellar?

Quel est la réalité? Mon souffle, tellement mécanique!

A grey rain falls on Revachol. The city soaks in it, cold and dripping. Waves hit the concrete breakers. The homeless huddle by the fires behind the fences. There, among the shacks, is your home. Stay. Have a drink. This is somewhere to be. This is all you have, but it's still something. Streets and sodium lights. The sky, the world. You're still alive.

Guten Tag, Ost-Deutschland!

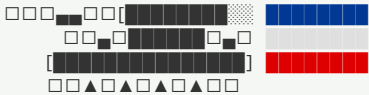

Transitioning to capitalism is a counter-revolutionary offense! You will be communized, lest you want to call upon Libriano to help you stop the Pogravskan military intervention. But why would you reject our

military and financial help anyway? We have better economy then you canonically and we can offer some help to restore faith in socialism!
