Futuristic vikings?

"After 30 years of economic chaos and depression, the world is on the brink of collapse as humanity faces political instability, oil shortages, and climate change. Bethesda, one of the few regions of North America with a functioning government is set on a mission to restore humble order...by whatever means necessary."

Welcome to the sterile catastrophe of cyberpunk and industrial-sized neo-puritanical f*ckery...

A nation of 'Slavic Mars' colonists who escaped from the nuclear apocalypse of Earth. We have not the Fully Automated Luxury Gay Space Communism (and we will never be gay). Our ideology.
The nation doesn't represent my views. It was created for artistic purposes and it's 0% political.
