At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Mantis Shrimp.

I have a major case of depression. I joke around and attempt to be funny to block out that depression and make myself happier. But, please, don't be a gigantic jerk and PLEASE don't troll. I'm totally not in the mood to kill myself right now, I still haven't defeated the Grox in my Spore game yet. I need more time, ya darn whippersnappers.

This song describes how I feel right now perfectly. I hate feeling so emotional about it but damn it Morrissey has hit the nail on the head.
