Neo-colonialism.

This nation is modeled on being my absolute worst dystopia imaginable. In no way do the Annihilators reflect my opinions, in fact I am totally against almost every single policy they enact.

I support insanely high tax rates, do you?

I honestly really like to write issues.

Why? The opening post's examples used one word. Also, strange long answers are harder to come up with something to defeat and I think it's quite funny when long replies are countered by a single word. Just my opinion; in conclusion you can make your answer as long or short as you want as long as it defeats the above reply.

The invaded nations invading the now-isolationist former invaders.
