Never seen them, and in any case, their nation is fairly new.

The greatest Asian meritocracy of the 2040's, run by NS's resident vaguely aristocratic English rose.

Semi, I have seen them in various threads and forums, however, I do not see them often.

I am not too active, I really on log on only to preserve this account.

I've seen them a couple times, but not enough to be really considered "well known".

Imperial States of Duotona

Duotona is a nation nestled in the Pacific Ocean. Marked by the scars of its bloody past, the people of Duotona persist and have given the nation a voice from which it preaches the word of peace and democracy across the globe!

Nation reflects OOC views. NS stats are sent to the shadow realm.

Fairly well known, especially due to their unique lore.

Decently known, enough to be recognized on F7.

Hey, I exist (*occasionally*). I usually stick to the game (trading cards, answering issues, etc) but in the rare* occasion I feel like making a post, I'll be here. I also have tendencies to howl at the moon and can sniff out 'fendas from up to 30 miles away.

I've seen them once, but i don't think they are very well known yet.

They were founded last month and, as far as I can tell, they aren't a puppet of someone I know. With that in mind, it's safe to say that they aren't well known at all.

Some IC Stuff

The Magische Rozenreich of Azur Deutschland
"Rozen der Hoffnung. Für das Vaterland."

Some OOC Stuff

A world of magic and wonder, created by the twin magical azure roses who saved and rebuilt the Fatherland.

I think it's fair to say that they're very well at this point. If you frequent the forums then you probably have at least seen them.

They're at the level where I'd recognize them when I see their posts because of their flag (even tho it's not a particularly unique design) but they're not so known that people would know them by their nation name alone.
