"We are somewhat similar. I admit, just like her, I didn't expect to become the Overboss and rule my community. Except I didn't start a coup against the previous leader. She was in a pretty complicated situation. Corrupt overseer, if not stopped, would have caused a downfall for Area 6-Z, but a coup was rather dangerous move, as any losses are critical in such a hellish area filled with infected by some vile unknown fungus. And she handled it well. I think, I should assemble a warband of Battle Bonded warriors, and ride to aid of this community. We shall slay those fungal zombies, who get in our way and maybe, just maybe make the place safer. I wonder, how does it feel to fight the pure one?"-Shawn Bjornson

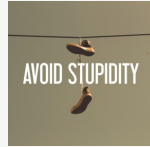

Skyhooked is MT/PMT with a few FT elements. Military is factbook only. NS stats are mostly non canon.

"Cesar and I share some similarities, but we also differ vastly on many fronts. He and I both understand that, while capitalism is, like all human systems, flawed, it far eclipses communism. I support his legalization of same-sex marriage and outlawing of abortion, which is only legal in Western Fardelshufflestein if there is a medical emergency or a case of rape or incest. This young leader, like so many others in the Multiverse, rose to power at quite a young age. The fact that he is an elected leader makes this more impressive. One thing he and I disagree on is the status of alcoholic beverages. It was mentioned that he is 'against' alcohol in his main page, while I do enjoy a wide array of such beverages. Before you criticize me, I do abhor

smoking, though the problem is not so dire in our country that it is outlawed. Nicotine products are heavily regulated but not banned in my country. I sense he is more liberal than I am, but this is not about me, now, is it?"
