Cursed post count not updating properly...

AN is slightly-known, but more out of being a novel active user rather than an established institution.

Rather well known in the more effortposty corners of F7, and for good reason.

(I kinda suspect that they're an alt of a larger, yet less known nation, although I could be totally wrong..)

Only recently started popping up on F7, but they seem to be getting their own little corner of clout.

Let's say they started to get more known, so known is the best I will go with.

The moths ar back in business, I'll continue on my overview since it's been a long while

Hope ya didn't miss me

For Forum 7: I've seen them on quite a few times, so they're probably decently well known.

For other forums: I barely touch the other forums so I don't know how popular they are out of F7.

GENERATION 34: The first time you see this, copy it into your signature on any forum and add 1 to the generation. Social experiment

I've seen them many times (especially in F7), so I'd guess they're fairly known!

I've been seeing them around reasonably frequently of late - I'm sure that they're becoming increasingly well known.

They are pretty well known, not only around F7, but considering their founding date, many people also got the time to know them.
