Quite known, despite being founded relatively recently

Known-ish? Probably mostly within a particular thread, and it depends on what they've done in said thread.

Christian, center-right, female, likes laughing at ~~the idiots on Twitter~~ pretty much everyone online. Wildly obsessed with Star Wars.

I've personally never seen them before, but over 300 posts in general seems moderately well known. Depends on how active they are.

I've seen them a bit, somewhat known

La Ferra Suprema Reigns Supreme over the vast lands of Stella Nera  
A land where humanity is king, above god and devil alike. A blissful Utopia for Humanity, a horrible Dystopia for sentient robots.

Robots shouldn't have rights or citizenship;  
Compromise on other non-human sapient entities is possible, with limitations, but not on these buckets of bolts. They should serve humanity and have absolutely no place in society other than as our servants. Think of the benefits of this. Plus, they would almost certainly overtake humanity if we gave them the chance, whether out of pure advanced abilities or malice, or worse, both. Think of humanity.
