*One Day/Reckoning Song - Asaf Avidan*

Nice coincidence that my mom just showed me that song like, 2 days ago, and I never even heard of that name at all until then. Surprised to see the song has 40 million views and I never heard of it until 2 days ago....Always the pop music that's big, eh?

I heard it the first time in Germany, when it was still pretty unknown. It's pretty good. I'll listen to your stuff too.

As far as pop music goes, I don't think it's bad either. It's interesting. Not something I'd listen to regularly, though.

Yeah.

*Fear of a Blank Planet* - Porcupine Tree

That song is kinda weird (A lot of their songs can be kinda weird, or at least dark, but to some people it's weird), and for some people may not be the best song to start out with them.

I have two albums of them. *Fear of a Blank Planet* (which I'm listening to right now, obviously) and their live album *Warswaza*.

Ah, nice, thought you were listening to them for the first time. I know like 4 albums of theirs I want, but I don't have spare money to be buying albums right now. When I can, I will be definitely supporting them. I probably will look through their other 6 albums too....just for the hell of it. Though, some may be too obscure and too hard to find. They have a fair amount of songs I consider to be some of the greatest songs I've ever heard, like *Anesthetize* and *Buying New Soul*. Steven Wilson's solo work is great too.

*Anesthetize* actually is on that album. It really is a good song.
