Millions of Octolings are leaving their old country of the Ocoling Republic because it is being transformed into a dictatorship, and they are leaving to Inkopolitila. This has become known as the Great Octoling Migration crisis.

Welcome to The Alpes a Septentrionali Imperium, a nation where I brutalize and adapt Latin and French History to my needs to get my Ultraroyalist Absolutist French Monarchy with a vaguely French-sounding fictional royal family to work.

Don't ask about the flag, it has something to do with RMB RP that I'm involved with.

AN is a variant of Taiwan that has been invaded by tropicals but before tropicity severely downgrades the nation. Sadly AN failed to realize that tropicity is a problem.

Sigh. Your ancestors liberated Taiwan from tropical headhunters...not in order for Taiwan to be corrupted by tropicals again.

Hell I won't even say "variant". That's your future Taiwan IRL. Same for South Korea and maybe even southern China. Tropicals and part-tropicals are basically pollutants.

The rulers of both nations currently detailed in the factbooks are rumored (or depicted in propaganda) to be of a far greater size than any ordinary human. I'm not entirely sure what the point of this is - whether it's some sort of jab at Valentine Z, a very strange inside joke, or perhaps a highly ineffectual piece of propaganda for use on gullible and superstitious citizens.

Earth is a largely democratic world wherein national sovereignty is for the most part respected. The West cannot go strolling into the Congo or any other region to "civilise" one population or another, those sorts of justifications aren't taken seriously anymore in this decolonised world. Unfortunately, I'm not the leader of the world, so Africa remains on its own path. Want to change that? Run for General-Secretary or another UN position. Or petition.

The territory that is currently Mbelemilele is believed to be inhabited originally by the Bantu-speaking peoples. These groups lived in peace with each other. Eventually, Kingdoms in the Milelenite territory surfaced, but they met the Colonial powers, and lost their status. The territory of Mbelemilele was annexed by the British in 1901.

After 5 decades of economic exploitation, (possibly) slavery, and other factors, the nation got independence in 1958. With the help of a careful post-independence government, the country leads Africa in HDI and GDP.

In a war very reminiscent of Operation Barbarossa, the Inklings were suddenly and deliberately attacked by their rival Leopoldo I. Defeat was seemingly certain and the inklings were surely about to be wiped out when military strong-woman took the reigns. Despite initial failures, they won at the battle of Inkopolis and began to push back. Eventually, after one of the deadliest wars in South American History, the Inklings destroyed Peru and essentially made them their little puppet.
