Why would that even be a crime?

Killing pets for simple, pure, extremely sick "fun".

Torture in the Tummylandian Kurils, if the house contained a national hero or a government person (i.e Daphne Panadero or Fernando Bondarenko, respectively), you are still tortured BUT atleast the person you raped gets to torture you!

Attempted rape.

I don't know how that works as "contraception" exactly—since the process of conception would've already happened for abortion to be necessary—but abortion for any reason is lawful and available to all female citizens for free through our equivalent of the NHS. No punishment.

Threatening to kill someone but not actually going through with it.

If it isnt anybody serious nothing happens, however if it is somebody important, community service for 1 hour a day for 1 year. You will then be watched for 10 years to try and make sure you don't ever follow through.

What kind of felony? Usually it's some form of corporal punishment, depending on both the severity of the crime, and how much money the criminal will bribe the judges for.
