Gunpowder hasn't been produced in the past century here in Crimson Tree. You'd get the same punishment as regular bombing, however, which is a restriction on everything you can fabricate through civilian nano-fabs, being removed from your workplace, having the tracking mode enabled on your subdermal ID chip, and being forced into compulsory rehabilitation. We don't exactly have prisons.

Not a crime, a pretty good time in fact, our laws encourage open carry of explosives, though most make do with guns.

Depends which leader it is, but you're probably going to face at least a decade of jail time.

If it's the Empress then you'll be facing a very long jail sentence and potentially the death penalty is an option (albeit one that hasn't been used in over 30 years.)

Depends... how exactly did you intimidate? Did you just say you'd tell a lie about someone? Could hardly be a crime. Did you threaten with physical violence? The victim could be entitled to shooting you dead in self-defense. Depends widely.

Depends on the age, drinking and alcohol-purchasing age is 16 here, but sell to anyone younger and that you get a hefty fine.
