Metsatöll - Isa Süda

No idea with this one either... wild guess: Father War.
Edit: Well, half correct, it was Father Heart.

Gangnam Park

The frak. Someone mixed the entire Hybrid Theory Linkin Park album with Gangnam Style. I can see doing one song but the entire album?...It turns it into like generic J-Rock with extra metal aspects to it.

The Internet is a weird place.

[Metsatöll - Kүү](#)

I never remember what that means... since "Kuu" is Finnish for "moon" and Kyy (the way Kүү is pronounced) means "viper".
EDIT: And then it doesn't mean neither, Kүү means "serpent".

[Silverchair - Tomorrow](#)

Your nation is like a son. What it does right is your merit, as well as what it does wrong is your fault. When you praise it, be lucid and avoid exaggeration. Praising it too much can make it indolent. On the other hand, when you criticize it, be harsh, but do not ridicule it. Do your best to improve it, not through derision or disdain, but through good examples and dedication.

I should have picked a different day to do my EP marathon...I could have probably got to 20 EP's today if I picked a day where I didn't go to Pasado's and didn't just game for a few hours...

Still, I'm at 13 EP's completed today. That's fairly good. Now if only I could stay up longer...
