Man realizes that Mother Woman is actually just a larger version of Man that was used as a basis for Man's form. In fact, everyone is just a clone of the one, original Man. Man 79347397, as he is now known, is both horrified and comforted by this realization. The original Man, meanwhile, dwells on the edge of the universe, doing things and stuff.

Man manages to pay his jail fees with his book money. He then escapes and eats more people.
