Their Vice-President is also known as the "President of the Assembly."

Whoops, got ninja'd: The country is actually a city-state, rather than a traditional nation. (Side note: bloody impressive work on those pages, AN!)

Rather inexplicably, two-thirds of their motto is in the accusative.

Oh yes, and minarchism is quite pervasive throughout, following the theoretical example of a night-watchman state.

*Pseudophytes, singular Pseudophyte (/ˈsʊdɒfʌɪt/), are Novalunar organisms belonging to the taxonomic kingdom Pseudophyta. Ostensibly the Novalunar equivalent of Earth plants, these organisms are chiefly, but not exclusively, photosynthetic, and furthermore account for the majority of macroscopic biomass and land area coverage on Novaluna. Nevertheless, they diverge from their Terran analogues in many important respects.*

The symbol of Guldenling, their currency, takes after that of the British pound (£). Gutulia seemed to have adopted a Swiss aesthetic for their factbooks, which is unsurprising in hindsight since Switzerland and Indonesia share the same flag colors.

I felt like going on a power trip, and thought to myself "Hey Ell, what nation/faction would be possibly the most overpowered one you could create?" And somewhere in my head the name "The Combine" screamed. So this is exactly what I'm doing! Pray that the Union doesn't notice you, because it probably won't.
