Warehousing rent-subsidy scheme extended to SMEs

Of all these sig news reels, Astoria always takes the cake for how realistically boring it all is.

In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. Led by a sly artist-premier and his technocratic posse, surrounded by a salacious secretive Civil Servants' society, factionalist scheming, and (literal) backstabbing.

It all started when America saw fascists fight normal countries and decided neutrality was a good idea here.

Oh bet?

PAS also has neutral US in its alt-history. Just goes to show what wonderful worlds a lack of post-WW2 US hegemony would have created!
