8/10! If its based off of the ideals of your sig then it probably isn't that evil, but it looks imperialistic and authoritarian from the flag.

Bolsania: 9/10 it literally looks like the Thin Blue Line flag mixed with the Reichskriegsflagge

Anglicora: also a 9/10, literally looks like the Confederate States of America mixed with a neo-Crusader state

As threatening as a snowball.

My travels take me many places, from the scorching sands to the cold, dark vacuum of space. But I always return to my friends and family at The Pub.

4/10, it's at least a monarchy, but it doesn't seem to be more evil than modern day England or Bhutan.

6/10. A pentagram and a sun against a black background is a tad ominous.

The Vesperian Social Republic 🚩 *"Until Victory, Forever!"*

Tech Level: PT/FanT | **Ideology:** Ordosocialism

An emergent, embittered superpower forged from the hellish flames of a revolutionary war that overthrew the last stronghold of decadent, plutocratic democracy in the New World. Born into a broken world, surrounded by reactionary powers from without and hounded by the specter of traitors within, Vesperia's revolutionary leadership rules with an iron fist, all but intent on crushing every capitalist, imperialist, and hereditary reactionary within its bloody grip.

Factbooks and lore currently under construction.
