Yup. It looked too interesting I decided I couldn't pass it up.

Actually, my dad bought it, because he "owed" me birthday money and he was in debt with me ☐

Originally Beyond: Two Souls was going to be my last game of this console generation....but eh, I looked too much into GTA 5 and GTA 5 Online that I couldn't pass it up.

I'm not even listening to anything right now.

The Naked and Famous-A Stillness

Just saw their new album is out. Never been like, a huge fan of them, but they have an interesting mix of cool guitar sounds and synthpop. So might as well give it a try.
