Lol, I know that feeling. Sometimes when bands stay too long, then they start to get boring though.

In=character, Kaboomlandia is a World Assembly member and abides by its resolutions. If this nation isn't in the WA, it's for practical reasons.

Ride The Waves - Eldebrock

Genre: Hard Rock  
Album: Eldebrock

This Canadian band has only one studio album, released in 2010, and I've managed to get the CD through a friend. Not a bad band, if a little bit boring (the parts are great but the formula's tried-and-true and the whole album is pretty much the same song structure, more or less. Nice to listen to occasionally.
