Solar Fields-Sky Trees

This album is big. I'm only 4 songs in and already listened to it for nearly half an hour (over when I listen to the 4th song), and there's 11 songs.

Well, all this guys albums seem to be over an hour long...And there was like, the entire album in one song on a lot of them, too, which I got rid of and shrunk my playlist 4 hours.

Still 14 hours of chill, somewhat ambient electronic music.

The sound of helicopters burning and Sporadic gunfire as my military systematically depopulates my nation to prevent my citizens falling to the zombie plague. Its tough being a wartime leader.

I like this stuff quite a bit actually. Kind of in the realm of Burial and Boards of Canada in a way and I really liked Burial and liked what I've heard of Boards of Canada
