I have to agree with Corrian. The only songs I find tolerable from her are "High School" and "I'm Out" (and that's actually a Ciara song).

[Lola Monroe](#) sounds very similar to Nicki imo, but I like her rapping a lot more...Nicki just sounds like (irritating) noise.

I haven't really heard much noise bands, though. Noise bands seem to have a lot of short songs, too. But one of my favorite Noise bands is Health, which does noise rock. Their most recent one is noise rock/electronic.

Yup.

[Some](#) of [Healths music](#) (the last one I don't really know if it counts as noise, but it is probably my favorite)

[Devin Townsend](#) has some noise, as well.

[Soupicans](#) is a noise punk band.

Your nation is like a son. What it does right is your merit, as well as what it does wrong is your fault. When you praise it, be lucid and avoid exaggeration. Praising it too much can make it indolent. On the other hand, when you criticize it, be harsh, but do not ridicule it. Do your best to improve it, not through derision or disdain, but through good examples and dedication.
