Murdering a fish

One does not “murder” a fish. There is no crime committed besides potentially trespassing upon private waters or something like that or animal cruelty upon a pet fish.

Felonious Arson in the 1st Degree (the person did so deliberately, it was premeditated without thought to life, limb, or works destroyed, no one was killed, firefighters were called to the scene to control the blaze, no other damage was done to adjacent structures):

- 1-5 years hard labor in a maximum security work colony.
- + Remanded to an asylum to determine state of mental health (for no longer than 6 months).
- + At least one year in a reform facility to reintroduce perp as a productive member back into society.
- + Pay garnishment to restore the cost of destruction.
- + Eligible to have political rights (voting, gun ownership, alloidal ownership of real property) restored 7 years after successful reintroduction back into society.

Life imprisonment with no parole. Some animals are recognized as persons by Meadowfields, albeit not included in the census, and cats and dogs are one of them.

Free Speech, no punishment.

It is acknowledged as being bought by the individual and can not be considered property destruction.

Defacing the Imperial Standard is Lèse-majesté, punishment is under the direct purview of His Imperial Majesty. The last flag-burner got 10 years of corrective labour and was shot while trying to escape.

Depends. Officially there is no "national flag", simply the flag of the Metropoly and/or the Royalstandard is often flown as one and destroying them can easily land one a beating from the police, a week or two in the police station, followed by half a year in jail. That is if none of the royal family will wish to avenge such dishonor (and they will) and duel the unfortunate offender, potentially to death.

As a simple political view and agitation this can at worst lead to some problems at the workplace, communists are now viewed in good here. However agitating for strikes, removal of nobles oblige, etc. will land one some hefty fines

Ninja'd typing

Dueling with deadly weapons to death

If it was consensual, 40-year sentence in prison and 5-year rehabilitation, if not consensual, life imprisonment with possible parole.

Ninja'd again!

Legal, unless they were operating without a license, then a 2-month rehabilitation course.

I... think you'd be dead after doing a suicide bombing, not quite sure we can punish dead people. If you're not talking about suicide bombing, then if they survive they're bound to get a rather lengthy prison sentence.

Depending on the severity of the scam, one may expect anything ranging from angry duel challenging letters, to PGM strike on last known location. The first one sometimes results in kidnappings from less-than-developed countries

Not illegal until it caused some actual physical harm. The person doing that can be resulted in 1 month imprisonment and a full medical compensation to the victim(s).

Complicated as it depends on what laws, and if it is organized or spur of the moment.

+Conspiracy to commit, is a charge added to whatever crimes were instructed by one's henchmen. It generally results in maximal charges for whatever crimes are committed under perps authority (as it is premeditated.)
or

+Inciting a Crime is something done in the heat of the moment. It results in being charged according to damage/harm by person plus the harm done by preps instruction. Charges at that incident at court's discretion.

Example 1: A person organizes the theft of all of the candy bars in Pop's Candy Shop. 100 candy bars at \$5 each. Maximum sentences: Defrauding a shopkeeper. 6 months hard labor. Conspiracy to defraud by Grand Larceny. 5 years hard labor. Pay back shopkeeper X2 (\$ 10,000) for greivence.

Example 2: if a person who intends harm incites associates to violence by yelling, "Get him!" and his associates kill the victim, it will result in 2 charges. Inciting Lynching, and Lynching (in and of itself). Mandatory Death penalty.

The attacker would probably be gunned down at the momment considering his elite bodyguards, but if he surendered he would be arrested and judged by this.

Would be charged by aggression with bodily injury of some category with the aggravating factor of being against an authority that represents the nation, 2 years to 4 years in jail in case of mild or moderate bodily injury. If it causes serious or very serious bodily harm, 6 to 8 years in jail.

...

Having a legal firearm, scrape off its number and destroy its registration, and then sell it on the black market.

If the person you sold it to does not have a license and/or uses it maliciously, then 10 years for tampering with a controlled good, as well as being a contributor to laws being broken. A 50000 Standard Dollar fine otherwise.
