What if things went differently? What if the events of the next 100 years after the Revolution were altered beyond recognition, giving birth not to a half-dead mess, but to an altogether different entity?

Welcome to Perlas-ng-Silangan. This is how history should have unfolded. This is our story.

At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
