4898 attempted to make a spaceship out of dead monkey bodies.

he succeeded but smacked into a rare space tree.

dying in the vacuum he noticed the clip of Three monkeys choking on toiletpaper as panic buying unveiled.

his last thoughts were: Worth it.

Hail the Empire!

There was never a Monkey 4872.

What? No, you must be confused. Monkey 4872 never existed. You can't just make stuff up like that. C'mon, stop acting crazy.

People tend to assume that Entrance of the Gladiators by Julius Fučík is what that ever so famous circus clown theme is. And in a way, it is. Nobody would ever argue with you on this fact.

However, if you want to be an unlikable, pedantic jerk, the song actually known to be circus music would be a version composed for American woodwind bands (and later transcribed for fairground organs) titled Thunder and Blazes, published by Louis-Philippe Laurendeau.

Of course, this information is of absolutely no consequence to anyone.

Monkey 4865 yelled out "Glory to Graznavia! Glory to the Liberators!" so loud, which resulted creating the second Graznavian Rebel Clan and starting the Wa Mać Mountains' Genocide II. Monkey 4865 has been executed for the Inciting Crime. GRC slaughtered 800 Vulgarian monkeys in two weeks. But the genocide didn't last long. The Vulgaro-Graznavian Army fastly defeated GRC in three days because of their cowardice towards armed enemies. Another 1000 monkeys from Graznavian Rebel Clan died in the battles. None of the monkeys from the Commonwealthian Army died. Also the retaliation against Graznavian population never happened because Vulgarian and Graznavian nation were jointed in the Commonwealth.
