Defenestration out of a very tall building.

Avoiding a conscription summons. If your nation has no conscription, use 'Failure to Stop and Render Aid' instead.

Godulan Puppet #2, RPing as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

*Used NS stats: Population. That's it. Anything else not stated in the factbooks is not used.*

Most of the time you'd be shot by the homeowner, but if you lived to see court - likely a 5 - 10 year prison sentence and significant compensation paid to the victims.

Typically, graffiti only leads to a few months of detention with the right to parole and it is even possible to exchange the detention period for a longer period (often twice as long) of community services, out of the jail, and everything is fine.

But here we see something worse, coldly calculated, trained and clearly orchestrated, there was a whole machination for the execution of this graffiti bomb. In this case, as it is not a simple "teenager rebellion" but a premeditated and previously thought out act, the penalty would be 3 years in prison without parole or the right to exchange for community services and would still have the aggravating factor mentioned earlier in another answer of mine from criminal organizations, which can add another 3 to 5 years to the sentence of all members of the group.

Literally, having sex with someone else's wife in front of him/her. (It's not rape, the two people are totally having sex in a consensual way. On the other hand, the partner of the wife who is having sex with another may be consenting and enjoying the act or the may have been tied up and forced to watch everything.)

Best case scenario for them  
5 years for indecent exposure.  
Worst case  
15 for illegal imprisonment or kidnapping.

Abducting people from the nearby area and using them to test a makeshift chemical weapon which you intend to utilize in a public place

If there were children present, then execution. Otherwise, castration.

Sexual assault of a virginal woman.

Probably being dissapeared to one of the black sites where one would be questioned about how and why they'd do this, after which they'd either be forced to work for the government while officially being "dissapeared", or just be dealt with by giving the perp an acid bath
