Yes, I would. This probably is one of the rare cases that I would rather live in a nation than ally with it.

Not really, no

I'd say this nation is about 85-90% representative to my beliefs

About the only difference between my nation and beliefs is that free markets are effective in a select few situations, and the compulsory organ harvesting is kind of screwed up

I'm probably in the minority, but I actually pay more attention to in game stats than to roleplay

I would be more than happy to.

Northern Dosletofe: Also known as "Disshërländ", is a wealthy Northern European country situated on the southern part of the "Svalbard" archipelago. Noted for its high quality of living, wages, the country also boasts a very complex digital and educational infrastructure and is the one of the few nations to have its own digital currency and to recognize AI's as residents. "Equality and respect" are the basis of the country's smart and healthy populace, symbolic of the country's National Animal and emblem, the "Arctic Swan".

No.

It's full of what I can only presume to be anthropomorphic dog-men, most of whom own firearms and with heavily car-centric infrastructure. They also operate "Dark Matter" power plants, which are not only a pipe dream with modern technology but you know...likely **INCREDIBLY DANGEROUS.**
