Woman, the successor to Supreme Man and Master Man, visits Man and talks to him of the dangers of a growing imbalance in the multiverse. Finneganism is spreading everywhere and causing an imbalance of energy across the multiverse. Woman gives special powers to Man using her excess of abilities and tells Man that he is now Super Man. And now he has a duty to stabilize the multiverse and reincarnate himself as many times necessary in order to fulfill the ordeal.

Super Man and Woman say goodbye and Woman teleports away back to her watching stand in the hidden cosmos of the megaverse.

Supreme man and woman enter the void unwittingly.

Neumann grabs his M16 rifle.

Neumann decides to join Mina Sezlet's agency. He is reprimanded for possession of a firearm, and the M16 is stored in a secret vault.

One of her students, named Erin: "We aren't fighting a real war. Destruction is anathema to us. We aim to peacefully convert people out of Finneganism."

Neumann: "I don't see the purpose behind this."

Erin: "The war here is fought in cyberspace."

From the void, Supreme Man and Woman watch the thread unfold, ready to intervene if a random cataclysm happens.

Supreme Man/Super Man changes his name to Lord Man to have himself identified in the thread and not confused with the previous Supreme Man from pages back in the thread.
