Starfighter (Bottin Remix) - Jupiter

One heck of a song that should be heard. Seriously google it and you'll be in awe. *nod*

Bruh.

Vika-Toxicity (System of a Down Cover)

A crazy pianist/keyboardist my dad showed me a while back. She has a TON of covers, and her own stuff. She even plays along to the singing parts in these songs. Wish I could play like that.

I watched a live video where she broke a damn piano string she was playing so crazy.

Dear Esther Soundtrack-Dear Esther

Cool atmospheric indie game that is all about the scenery (There's barely anything to it except walking through a narrated story and scenery), though rather short (Finished it in maybe 2 hours), but worth the cheap price we got it for. Curious to see what the developers do. This is probably the first time a video games scenery alone made me teary-eyed.....Don't ask why it did because I don't know myself.

Game has a great soundtrack, too.

Simple Plan - I'm just a kid

Death is the solution to all problems. **No man - no problem.**

Education is a weapon whose effects depend on who holds it in his hands and at whom it is aimed.

This is my commandment

When the bell tolls three times, it will announce that I have been killed. If I am killed by common men, you and your children will rule The Vladikavkaz Federation for centuries to come, if I am killed by one of your stock, you and your family will be killed by my people!

Defeated Sanity - *Blissfully Exanguinated*

“ CVT Temp wrote:
I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
