The guy is in his mid-30s and he's been harboring this grudge against the 'cyberbullies' of NationStates for almost a goddamn decade.

I want everyone to know that Hataria showed up to the thread again to fuckin accuse me and one other person of being goddamn *paid Russian trolls* lmao.

I normally wouldn't post an 'update' like this here in this thread but it's just so goddamn bizarre.

And considering that this dude has been going on about how NationStates sends cyberbullies and trolls to harass him for nearly 10 years now, I'm pretty confident that this dude wasn't joking about the accusations.

I'm sure we've annihilated this dead horse already but when people roll up into threads that rely on having a certain type of information (like info on a leader, military, etc), with none of that information. "What's YL's opinion on AL?" And then the most you get is like an image, their name, and a sentence blurb, or just nothing, even.

Really grinds my big hooshy gears

It's why the only information type of forum game I post in in F7 is the one that's for factbooks in general. (Except I force everyone to use my off-site wiki instead because I'm the type of loser who has an off-site wiki for Gandoor)

Every time I post in the ones where you choose your favorite Factbook or rate it or whatever I feel like I never say enough and then 8/10 whoever posts after me makes me feel like I've written an article

People who make ranking/rating threads in F&N! and then stop rating nations after a few days.

Bonus points if they literally *never* rate anyone who replies.

Cannot compute because my tiny brain only exists inside F7? Any context of what rating in Factbooks and National Information is?

They're basically questionnaire/survey threads typically with questions based around a specific topic (such as civil rights, religious freedom, democracy and political freedom, etc.) in your nation, although there are occasionally 'all-encompassing' ones, where nations are rated/ranked based upon their answers given in the questionnaire.

The good ones can be very in-depth with their questions but the bad ones...less so.

Roughly around 600 right about now. And I don't; I just have to remember and it is extremely taxing.

So that one day I will possess an army of clones and then I'll allow them access to all of puppets and we will unleash chaos on this site. Few reasons, including: Rewriting and retconning, when a nation name I like is available, and memes to name a few.
