Monkey 108 saw all the other monkeys kicking the bucket and wanted to try it too. He kicked the bucket so hard that his foot exploded, and he proceeded to bleed out.

Someone screwed up on the monkey count. Monkey 105 was blamed. For the sake of no entropy, he (and the unnamed Monkey 106 who doesn't exist totally) was sacrificed to the monkey Gods.

Monkey 104 realizes the end of his people is near. Unable to bare the hell that awaits him, he consumes beans that cause him to shit himself to death. He also has caused a shit-tsunami, so beware.

Monkey 103, seeing the fecal matter hurling toward him, attempts to die of disgust. The death gods tell him it has already been done, though, and he is lost in the poo wave.

Monkey 99 puzzled too hard at the disappearances of Monkeys 102 and 101, and as a result his brain imploded.

Monkey 98 did not give permission to Monkey 272 and Monkey 5282 to create it on a romantic evening. To seek revenge against his parents for creation without consent, Monkey 98 ceased to exist.

The Federal Republic of Northern Seleucia

Monkey 97 realized his son would never win the lottery so he finally got the milk and went home. However, his monkey wife was already remarried to another monkey so Monkey 97 committed suicide by milk logging himself and his son was there to greet him in heaven. Smash F to pay respects

Monkey 95 was involved in a lab experiment gone wrong that mutated him into Chimpan-Hulk. Unfortunately, the mutations caused by the experimental genetic serum that Chimpan-Hulk was injected with further mutated him into an unrecognizable, grotesque, mutated pile of flesh and Chimpan-Hulk eventually died.

Monkey 93 was the much loved pet monkey of Tomas Martinez, a CSI Crime Scene investigator. She was named Marsara and died when she became a Human (Monkey?) Shield. She took a bullet through the window from the Crime Boss' Sniper that was intended for her CSI owner who was investigating several murder cases related to this Crime Boss' syndicate. The shot resulted in a fatal bullet wound and Monkey 93 died in her owner's arms in their apartment.

Monkey 91 weighed the same as a duck. Therefore, he was made of wood and he was burned as a witch.

Don't assume we're Communists
