Via the UCP; I dunno why it wouldn't be better to have it as a separate tab on the "view your posts" page, but that's how it is.

It's because the 'View your posts' page is just the search function, it's literally just giving you the same results as you'd get if you searched for posts made by you and chose to display the results as topics rather than posts.

Bonkhonagahoogs asides, I find that stuff really creepy. Like iirc there was a "AL kisses YL" thread.
