I can't remember what type of music you enjoyed....it seemed like we had some music discussion, but I can't recall....god damn memory...

Agent Fresco-A long Time Listening.

I love guitar beats (or beats in general) that screw with your mind,

like at 4:50 to about 5:34, and pretty much in a lot of these guys songs....there's a lot of beats that just screws with my brain, in a good way, and I'd suck at playing them. Secret Chiefs 3 does that a lot as well.

This is one Mars Volta song I've known I've liked for a while (Even if the vocals aren't entirely my thing all the time)
