While religious buildings are considered govt prop, they are protected under the freedom of speech, so at a minimum for both a hate crime, and an attempt to suppress free speech, 20 Years.

Vonum's own Alscot-James Index (Sharpness Index, also known as AJI) would be the decider. Depending on the sharpness of the carrot and whether contact was made would change the sentence. If the carrot was deemed unsharp (0-3 on AJI) but contact was made, you would be charged with assault (Up to 2 years in East Viperland's prisons). If the carrot is deemed 'Sharp- Lethally Sharp (4-10 AJI), regardless whether contact was made, it would be 20 Years Max. for attempted murder.

No laws about it, unless if you are untrained, if you are trained, it is fines, but if you are untrained, then you will be fined \$250,000 for an untrained person that owns a fighter jet, and confiscated by the National Defence.

The Police responsible for the brutality, will be fired, and will be sentenced to 5 years for injury, to life or even death sentence if it is fatal.

You get fired, not able to work in public services ever again, and depending on what you did/the extent of it you could be charged with:

- Mismanagement of Public Services - fine of up to 5000\$
- Grand Mismanagement of Public Services - 2-5 years in prison
- Endangering the lives of others - 1-2 years in jail
- Grave Endangerment of Personhood - 5-20 years in prison
- Life-threatening Negligency - 5-10 years in prison
- Fraud in public positions - 10-30 years in prison
- Acceptance of bribes - 5-25 years in prison
- Corruption - 20-40 years in prison

So you could be looking at anywhere from a hefty fine to life in prison.

Not quite a crime, especially if it was in self defense. Outside of that, not like it's "legal"... but nobody's going to mind if you do it.
