a-are you saying that North Korea is too US-friendly?

In any case, I took issue with the uglier charge more than the color palette.

Technically if you included those killed in labor/political camps under his reign, it would be 167,000/1. /skip

They, like us, exist on (primarily) 4 major islands.
There the similarities end and they are instead a very shamanic, war loving, Matriarchal, society.

They are also well versed in story telling.

Roughly 16% of the population is Pagan, and Atheist/Agnostics outnumber the religious impressively. Surprisingly, despite some of 16% of their population being Jews, Judaism isn't a majority or plurality religion in their country.

They're a matriachial tribal federation that was exiled and settled on a cold barren archipelago where they grew into a trading empire

Authoritarian Italian based nations are cliché, Colonial Imperialist nations are cliché, Welfare Monarchies are cliché, but how about all three in one! Still Cliché? Well that's what this nation is.

From now on please refer to this nation as Aostania because I have changed the lore to a name that is more fitting and less convoluted
