What if Eastern Rome survived?

Basic Overview: Basically an althist where Basil II actually has decent successors who build on his achievements, resulting in a STRONK ERE that beats back the Sejuks and eventually does it's own reconquesta in the Middle East. Also, The Crusades never happened, the Viking conquest of Britain succeeded, and the HRE became a centralized state and destroyed the Normans.

In Character info

The Commonwealth of Atlantartctica is a continental-sized federation much like that of the UK. Founded in the early 2060s, Atlantartctica's economy has recently flourished due to its tourism industry and friendly relations towards its neighbors. Atlantartctica is **against** weapons of mass destruction and advocate for pacifism. Atlantartctica is classified as a Tier 6, Type 4.5 nation (ns stats bad)
